BODY TRANSFERENCE  
THE ULTIMATE WARRIOR

When a warrior hath  
demonstrated unswerving  
Discipline, the Order  
Hierophant may approve  
the creation of the  
Ultimate Warrior. The  
candidate must be willing  
to cast aside his or her  
own body in favor of  
that of an undying  
automaton. This is the  
highest honor of Order...  
to serve as Order's  
warrior through all time.

The candidate shall be  
conducted to the chamber  
with all pomp and  
pageantry. Upon the left  
dais shall stand the  
inanimate automaton husk.  
The candidate shall ascend  
to the right dais after  
the transference button  
hath been pressed. Once  
the bodies have been  
transferred, the Final  
Test of Discipline must  
be completed. In this, the  
candidate must strike  
down the now-empty husk  
that he or she formerly  
knew as his or her body.  
Until this is done, the  
body transfer is not  
complete and the process  
will reverse unless the  
organic husk is destroyed.

Some few candidates may  
find themselves unable to  
withstand the  
transference, and as such  
would normally be  
considered failures. But it

is the Order Hierophant's wishes that no stigma be attached to this weakness. The candidate shall be allowed to live the remainder of his or her life in service to Order, being an exemplar in all but the Final Test of Discipline.
